Nia Griffith MP welcomes Thales UK to the former MOD site in Llangennech.

Following a tour of the facilities at the official opening in November, Nia Griffith MP said, "I am delighted Thales are making a major investment in this site, bringing valuable jobs to the area. This top quality project will involve fitting out the new Warthog vehicles with sophisticated communications systems and additional protection. With our proud tradition of automotive industries, we have the right skill - base in the area to attract global technology leaders like Thales.

"It's good to know too that the skills of our workforce are helping to protect British troops in Afghanistan. I have also been talking to Thales managers about bringing in additional work, such as fitting out police and emergency vehicles."

Advice Surgery

This month's Advice Surgery on Friday, 11 December between 4.30 and 5.30 pm at Hendy Cricket Club, will be the last one for 2009. Nia Griffith MP and County Cllr Steve Lloyd-Janes want, therefore, to take this opportunity of wishing you all a merry Christmas and a happy and prosperous new year.

Cllr Steve Lloyd-Janes says, "The excellent news about Thales going to Llangennech has captured the imagination this month. Here in Hendy, residents will be very pleased to see that new, larger one-way signposts have now gone up at the bottom of **Bronallt Road**. Until recently, one was missing. This meant that traffic tended to come down the road from the wrong direction.

The more things we can put right, the better it will be for us all. Don't forget to let us know if you see something that should be put right and that we can help in getting done."

Speed bumps for Heol y Parc and safety railings at Talyclun

Pedestrian safety rails are being installed at Talyclun. The County Council is working in partnership with the community council to put speed bumps along Heol y Parc.

Hendy Park

At the bottom of the Park, work has already started on new gates and restoring the war memorial plaque in the pillar. Recently, the County Council erected a steel set of goal posts in the park for youngsters to play football.
